

MOUNTED PATROL
MEETING MINUTES 05-25-99

OLD BUSINESS:

The Special Olympics Trail Ride is set for June 26. We will be registering people Friday night and Saturday morning. Friday from around 6:00pm until around 9:00pm, Saturday from 6:00am until last rider at 9:30am. The sweep riders for the short ride will be Sam and Margie Reed and for the long ride Bob Munson and Alan Grayly. We need three people to be at 3 different trail junctions to act as guides. Others helping out will be Carolyn, Ken, Walt, Joanne, Terry, Cheryl, Sandy, Patty, and Pam. The drawing will be promptly at 2:00pm.

We had some people attended the SAR conference. The consensus was that the instructors were very good but the noise was too loud. Next year the Conference will be held in Lewis County, near Randle.

Some riders need in Capital Forest this weekend for Memorial Day. Sign-up sheet going around. Joe went over the procedure for call in on the radios one more time. Call dispatch at 704-2741. Tell them who you are, your Henry number, what group you are with, where you plan on being (rough area), and tell them NO on status checks. Be sure to call them again when you get back off patrol.

Tim will check and find out a good time for all interested people to get with the range master for practice runs at the firing range. One and just stop by, but you will take a back seat to those needing the range at the time, i.e. Sheriff's office personnel.

NEW BUSINESS

We will have a picnic and trail ride for "just us" on June 13, 1999. We will meet and tack up around 1200 and have the potluck at 1700 (5). We will meet at the lower lot Mima trailhead.

Do we want to have 2 meetings a month? Was decided to wait until fall.

Tim will check into a self-defense class in around 4 or 5 weeks.

A heads up. OSAR will be having a helicopter class on August 28, 1999.

Nest meeting June 22, 1999 at the same place.

Patty Mathews. Secretary
