

Minutes for 1-28-03

Meeting was called to order at 7:05pm. Mike Baker, Carol Baker, and Dave Williams are excused. Welcome to Karen Lininger of OSAR.

**Treasure report:** December and January interest of 2.38, (1.68 for Dec. 1.30 for Jan.); transferred \$400.00 for savings to checking; \$280.00 to the Grand Mound fire dept. for horse extraction class; received \$500.00 from Richey Bros.; balance in checking-\$814.10; total account balances-\$1593.68.

**SAR:** Mini conference will be 3/15/03 at Tumwater school dist. Offices from 9-4. The SAR council had a speaker on fund-raisers.

**Mounted Patrol:** Chris gave the background on the law suit in Yakima County and Thurston County's position. The risk pool is not going to cover the liability of anything having to do with law enforcement in the foreseeable future. So far, the only things we can do are SAR and the parking at Richey Bro. They are still working on a legal decision from the Prosecuting Attorney's office.

**Old Business:** Badges are on hold. Sam will pick them up. The banner is on hold, also. The slickers were approved by the Sheriff's office. The horse extraction class had 14 people attend. It was a great class. If we get a mission number, we can help it this kind of thing. There is no more information on the fund-raisers. We need to get the signs made for the Sheriff's ride. Marianne will bring placards. The officers will get the books audited.

**New Business:** The Chehalis Western trail is passable from 89<sup>th</sup> to Waldrick Rd. They hope to get through the rail yards this year and that would complete the hookup with the Tenino/Rainier trail. Summer will see the completion of the part at 89<sup>th</sup>.

Pam to bring goodies to next meeting.

Meeting adjourned for the blood borne pathogen class by Karen Lininger.

Patty Mathews, sect.
